

CAPABILITY STATEMENT

CAGE: 93Q74 | UEL: FLBGC6P98HJ7

Smart People, Smart Technology,
Better Results

YOUR MISSION MATTERS.
*We understand that while your problems may be
complex, your solutions shouldn't be.*

MAJUS (may-jūs) Consulting is an AI-driven IT consulting business, certified in CMMI Dev3, ISO 9001:2015, 20000-1:2018, and 27001:2022, with HUBZone and 8(a) SMDB designations. We bring the technical expertise, agility, and clarity needed to tackle your toughest challenges. We believe that innovation, intelligent collaboration, and AI-powered solutions present new opportunities to help government agencies work smarter, faster, and more effectively for the public they serve. We excel in finding simple, practical solutions for your complex problems.

Core Competencies

Digital Services & Data Strategy. MAJUS delivers tailored HX strategies, web development, DevSecOps, and cloud solutions to engage stakeholders and drive mission success, backed by data engineering, AI, and analytics that convert insights into action.

Intelligent Automation. Through the strategic integration of AI, ML, and RPA, MAJUS uses state-of-the-art automation to transform our clients' complex challenges into streamlined, efficient processes and solutions, propelling our clients toward their goals with precision and agility.

Program Management. Through our MAJUS Ahead™ framework, we lead adaptive, outcome-focused programs in complex and fast-changing environments with agility and strategic foresight, aligning people, technology, and priorities.

The Right People. Our MAJUS Ahead™ hiring approach anticipates demand, ensuring talent is ready *before* customers need it. We build a strong, referral-driven pipeline of mission-aligned professionals who simplify complexity, communicate fearlessly and deliver successful outcomes.
